DECISION

MDD/155661

PRELIMINARY RECITALS

Pursuant to a petition filed October 07, 2013, under Wis. Stat. § 49.45(5), and Wis. Admin. Code § HA 3.03(1), to review a decision by the Sheboygan County Department of Human Services in regard to Medical Assistance, a hearing was held on March 25, 2014, at Sheboygan, Wisconsin. The record was held open for 10 days to give Petitioner's representative or girlfriend wished to supplement the record. Nothing was received by the Division of Hearings and Appeals.

The issue for determination is whether the Division of Hearings and Appeals has authority to make a determination the merits of Petitioner's Medicaid disability based application where there is a Social Security Administration denial of disability within 12 months of the Medicaid application.

There appeared at that time and place the following persons:

FINDINGS OF FACT

1. Petitioner is a resident of Sheboygan County.
2. Petitioner applied for Medicaid alleging disability on or about February 2, 2013. The application was forwarded to the Disability Determination Bureau (DDB). The DDB found that Petitioner was not

disabled as the Medicaid program uses that term. The DDB so notified the Petitioner via letter dated September 18, 2013. The Petitioner sought reconsideration, but the DDB affirmed its original determination.

3. The Petitioner has applied for the Social Security Administration's (SSA) SSI and/or SSDI benefits. Petitioner was denied SSA benefits on July 20, 2012 – less than 12 months prior to the Medicaid application involved here.

DISCUSSION

A person between ages 18 and 65, with no minor children, must be blind or disabled to be eligible for MA. A finding of disability must be in accordance with Federal Social Security/SSI standards. *See Wis. Stats. §49.47(4)(a)4*. Because the standards are the same, a finding of no disability for Social Security/SSI purposes made within 12 months of the MA application is binding on a State Medicaid (MA) agency. Exceptions may occur only if certain conditions exist. Specifically, the Division of Hearings and Appeals has no authority to find a Petitioner disabled unless he or she:

- (i) Allege[s] a disabling condition different from, or in addition to, that considered by SSA in making its determination; or
- (ii) [The MA application is more than 12 months after the most recent SSA determination]; or
- (iii) Alleges less than twelve months after the most recent SSA determination denying disability that his or her condition has changed or deteriorated since that SSA determination, alleges a new period of disability which meets the original durational requirements of the Act, and
 - (A) Has applied to SSA for reconsideration or reopening of its disability decision and SSA refused to consider the new allegations.

42 CFR 435.541(c)(4)(emphasis added).

Here Petitioner has applied for Social Security Administration (SSA) benefits and has been denied those benefits. Petitioner's Medicaid application is within 12 months of the most recent SSA denial. Thus the Division of Hearings and Appeals does not have the authority to make a finding as to the Petitioner's disability.

Despite the above, it is noted here that Petitioner may be eligible for BadgerCare+ as a childless adult if his income is under 100% of the Federal Poverty Level. *See BadgerCare+ Eligibility Handbook, §16.1*. He may apply for those benefits online at access.wisconsin.gov.

CONCLUSIONS OF LAW

That the Division of Hearings and Appeals does not have the authority to make a determination the merits of Petitioner's Medicaid disability based application where there is a Social Security Administration denial of disability within 12 months of the Medicaid application.

Now therefore, it is

ORDERED

That this appeal is dismissed.
